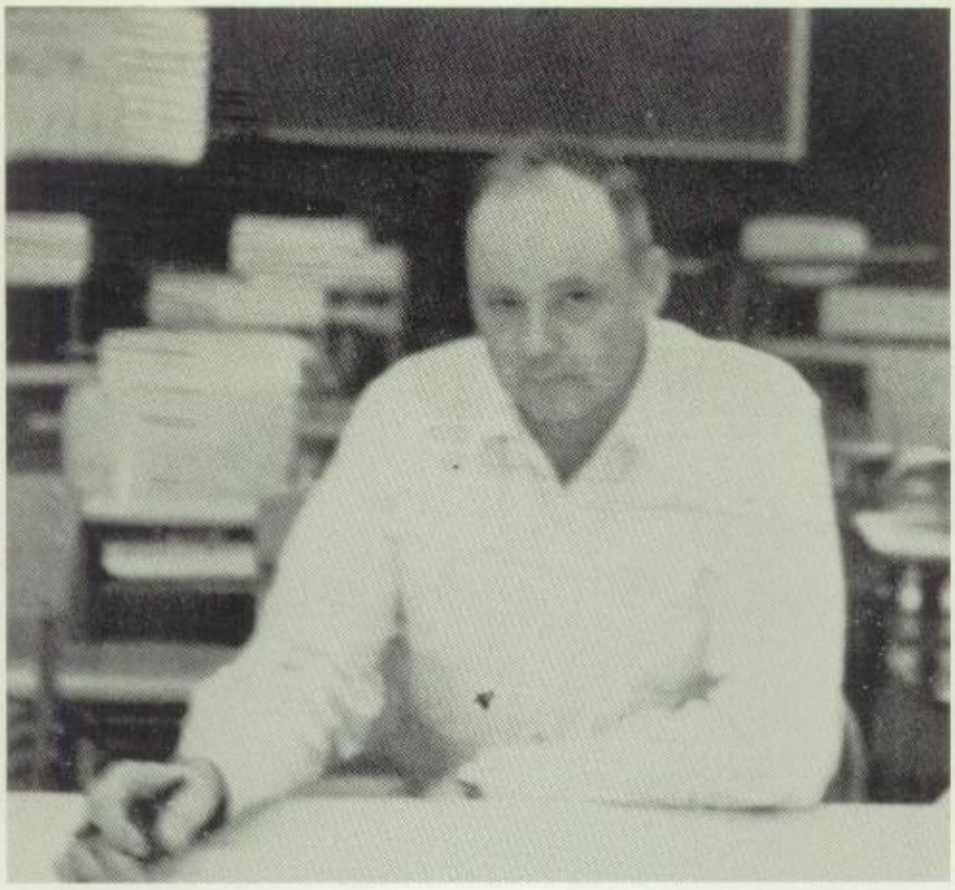
Parents,

Even as we are looking forward, we must look back to you and your generation. Our generation needs your experiences . . . your guidance . . . your understanding. We need them to prepare us for our lap in the perpetual relay of civilization. These things you have given and will continue to give us. That you may know that we realize it, the annual staff of Hart High School, dedicates this book to you, the PARENTS.

ADMINISTRATION



President - R. G. HENDERSON

SCHOOL BOARD

STANDING: Deryl Clevenger, Doyle Davis, Lorenza Lee.
SITTING: Raymon Foster, Charles Martin, R. G. Henderson and Milton Sharp.

The School Board has worked very hard this year in order to establish a new school house to be completed soon.

Let us deviate from the famous quotation of our late President Kennedy and make it read:

ASK NOT WHAT YOUR SCHOOL CAN DO FOR YOU

ASK WHAT YOU CAN DO FOR YOUR SCHOOL

I think that your achievements and accomplishments have been reflected by your attitudes and efforts, in that you have each contributed to the success of our school year from an unselfish point of view. Remember it takes a united effort of the citizens for a school, community, state or nation to progress and go forward. It is my desire that each of you will remember 1963-64 as an outstanding era in your journey through life.

May each of you give thanks to God for being a part of a community that provides the most modern equipment and facilities in order that you may have an opportunity to secure a better education. The adults can provide the physical plant but you must accomplish the mental advancements.

Your friend,

Paul L. Kennedy

HART SCHOOL SUPERINTENDENT

MR. KENNEDY

MESSAGE

The necessity of a good educational foundation in today's complex society is becoming more evident each day. It behooves each student, teacher and parent to give his greatest effort toward this goal. An educational process is not one in which little effort will give forth large dividends, but rather the more the effort the greater the benefits. There seems to be evidence that this student body of 1963-1964 has the desire and ability to reap the benefits of an educational program such as that made available through the Hart School. I commend you for your fine co-operation and spirit during this past year. May your future years be even more profitable.
